Under the rules in the latest revision of Ordinance 351 (present zoning ordinance) this location would be in the Second Residential Zone, but some of the council thought this might be changed at the Nov. 15 conference. Mrs. Zahn declared the recommendation of the Planning & Zoning Commission was "spot zoning." The vote to hold over was 3 to 2, with Councilman Howell and Blank dissenting on the ground that there apparently was no ob-

Transit riders will get a new look, starting next week, as the new buses roll onto the streets in the colors of the Alameda-Concepcion Transit District. Most of the diesel equipment formerly belonging to Key System Transit Lines will be completely modernized and repainted to match the new streamlined "Transit Liners" which will begin arriving in the East Bay in December. The new color scheme will replace the long familiar yellow of

the district's promise to give transit riders better service and greater comfort in more attractive equipment, according to John R. Worthington, AC Transit general manager. The roofs of the buses will be repainted white to below the window line. At that point, a 10-inch stripe of Tahoe turquoise will separate the white and a metallic

silver color of the body. Below the stripe will be another stripe, 12 inches wide, of Tahoe turquoise. The front and rear of the buses will be painted white and persimmon orange. The refurbishing project also will include the interior of the coaches. Ceilings will be painted light green while the remainder of the interior will be finished in shades of green and beige. Fare

boxes will be painted persimmon orange. Some 250 buses are scheduled for repainting, which will be carried out simultaneously at the three district yards, 45th Street and San Pablo Avenue, Emeryville; Seminary Avenue and San Leandro Blvd. in East Oakland, and 21st and Macdonald in Richmond. Two weeks will be required to modernize each bus. The coaches

will emerge in their new paint job at the rate of three to five a week, starting Monday. Maintenance crews will work daily at the gigantic finishing project, armed with masks and spray guns and with a colorful variety of paint which, Worthington said, has made them as enthusiastic about the job as the riders who eventually will profit — at least artistic-wise — from the change.

As far as the public is concerned, the sight of new-looking buses is expected to be one of the immediately noticeable features of the inauguration of our publicly-owned transportation system on October 1, Worthington said. The refurbished coaches will be used in conjunction with new equipment as it is delivered in the immediate future, quickly replacing all older style coaches.

**Bus Transportation To Kennedy Rally**  
Due to the excellent response for bus transportation to the Kennedy Rally, Wednesday, November 2, at the Cow Palace, the Albany Committee for Kennedy has chartered a second bus which will accommodate forty-five persons wishing to attend. This transportation will cost one dollar per person.

resent some of your recent stories about events, which seem slanted to indicate that affairs in this town are a sort of comic opera staged by Mayor Kathie Zahn.  
Actually, Mrs. Zahn, who has been derided almost beyond endurance, at long last has a couple of councilmen to work with her in putting into effect an honest and decent governmental program for the City.  
It rather surprises us that the press has been willing to play along with surface events and have failed to ask why such an uproar should have been created and who might benefit. There was a time when the press scented stories behind such situations.

Vice-President Richard Nixon's confrontation with Communist Dictator Nikita Khrushchev: The Free World watched and cheered.  
**or APPEASEMENT and APOLOGIES....**  
**Which do you want?**  
Again and again and again, in the Great Debates, candidate Kennedy has advocated policies of appeasement that in the past have led to war. He has run down his own country's strength and accomplishments before the eyes of the world. He has advocated domestic policies that would hike our taxes, lower our standard of living, encourage a disastrous round of runaway inflation, and inflict Government controls in countless areas of our everyday lives.  
Instead of standing firm against the brutal belligerence of Khrushchev, candidate Kennedy has suggested that an American President should apologize for protecting America from another Pearl Harbor.  
In sharp contrast, Vice-President Nixon—and Ambassador Lodge—know that to keep America strong and free, our country's leaders must believe in freedom—for Americans and people of good will everywhere.  
Richard Nixon knows that America can't continue to win the race against Communist Russia if we retreat from our proved system of freedom, and fall into the pattern of an all-powerful Government that controls every aspect of its people's lives.

## IN THE FIELD OF POLITICS

A Scientists for Kennedy and Johnson Committee has been formed in the Albany-Berkeley area (18th Assembly District). Kennedy-Johnson Headquarters in Berkeley announced today.

Committee members include: Doctors Marvin Abraham, Frank S. Crawford Jr., Richard M. Diamond, A. A. Garren, Jack M. Hollander, Earl K. Hyde, Samuel S. Markowitz, A. Pais, Isadore

Perlmutter, John O. Rasmussen, Arthur H. Rosenfield and J. C. Wallmann.

Assemblyman Don Mulford of Berkeley has been endorsed for re-election on November 8 by the California Grocers Association. In a letter from Merle J. God-

dard, assistant secretary of the retailer group, Mulford's record through three terms received praise, and Goddard added: "We believe you will listen to the problems of the retail food industry with an open mind, and we are asking our membership to lend their full support to your campaign."

can Assembly will meet at 8 p.m. tonight at Mulford-Sherman Headquarters, 904 San Pablo, instead of at University Village Community Center.

Following a brief business session, members will discuss projects to assist Republican candidates prior to Election Day, November 8.

Refreshments will be served. Voters interested in obtaining material or information have been invited to drop in, President John Larimer said.

### ELECTION EVE OPEN HOUSE

Albany Council of Republican Women will hold an Election Eve Open House at Mulford-Sherman Headquarters at 904 San Pablo Avenue, Monday night, November 7. President Edith Sheriff has announced.

The meeting, which begins at 8 p.m., will be at Republican headquarters instead of at the usual meeting place at Cornell School. The president said coffee and cookies will be served and all Albany voters are invited to drop in.

### SHERMAN IN THANKS TO PEOPLE OF ALBANY

Lewis F. Sherman, Republican candidate for Congress in California's 7th District, which includes Albany, today, expressed his thanks to Albany people for their encouragement and support during his campaign.

### Democratic Club

#### Backs FitzSimmons

The candidate will make one appearance in Albany before Election Day, a Friday morning coffee party at the home of Mrs. Jerome Blank of 1015 Ramona Avenue.

Saturday has been reserved for the Bay Area visit of Vice President Richard M. Nixon.

According to Bob Bell of the group behind the candidacy of Edward R. FitzSimmons for the assembly in the Albany-Berkeley area, the Albany Democratic

Club has "unequivocally endorsed Mr. FitzSimmons as its candidate for the post." The announcement, he said, was made by President John A. Zoro of the local club. The announcement was made in answer to a report last week that the club had been split over this endorsement.

Reddy says:

Let me help you save heating dollars this winter

## How to stop some "heating leaks" . . . and save on your winter bills!

1. Heat escapes readily through glass . . . you can reduce this heat loss by keeping curtain or drapes drawn.
2. Heat escapes around doors . . . you can stop this heat loss with weatherstripping.
3. Heat escapes through your walls and roof . . . you can minimize this heat loss with insulation.
4. Heat escapes up your chimney . . . keep your damper shut.

Reddy, your PG&E servant, works harder during the winter to keep you warm and cozy, because it's cold and days are shorter, nights longer. You're indoors more, you eat more hot meals, watch more TV. So your PG&E bills are higher during the winter. Happily, Reddy's hourly wage rates go down a sliding scale as you work him harder. So you're getting more for your dollar. Actually Reddy does the same work here for \$1 that costs \$1.25 elsewhere (average of 24 leading U.S. cities, California Public Utilities Commission survey).

The report shows that total equity in the publicly-owned water utility was \$135,263,878 on June 30, 1960, as compared with \$124,040,080 on June 30, 1959.

Total bonded debt of the EBMUD water system June 30 was \$54,790,000 as compared with \$57,582,000 on June 30, 1959.

Operating revenues for the year ended June 30 rose 4.36 per cent to \$18,698,223. Net income available for the retirement of bonds and capital improvements was \$7,623,719.

EBMUD reported no increase in the tax rate of 20 cents per \$100 of assessed valuation which has been in effect since 1956. Water rates were held to the figures established in 1953.

The report points out that the current \$283-million expansion program, aimed at meeting the East Bay's domestic and industrial water needs for the next 40 years, is not scheduled for completion until 1967. However, as of June 30, 1960, EBMUD had completed or under construction 24 per cent of the projects authorized by the voters in the \$252-million bond election of two years ago. Contract value of these projects was \$68,867,000.
